**Lt. Governor's Office on Aging Awards
\$52,900 Grant to the Capitol Senior Center**

Columbia – Lt. Governor André Bauer's Office on Aging announced today that the Capitol Senior Center in near downtown Columbia will receive a \$52,900 state grant to help with renovations and improvements. Senior centers in eight South Carolina communities will share in a \$1.9 million package of state assistance that will be distributed to support construction and renovation efforts statewide.

"The services and programs that these centers provide make a positive impact and help create many opportunities to improve the quality of life of seniors and their families in those communities," said Bauer.

The Capitol Senior Center provides services such as health and wellness programming, exercise classes, nutrition, and other services to more than 800 seniors in the Columbia area, and Center leaders expect that number to grow. Numerous studies have shown the positive impact these kinds of activities have on the physical and mental well-being of senior adults. The funding provided by the Lt. Governor's Office on Aging grant, along with matching funds from other sources, will allow the Capitol Senior Center to meet the growing demand for these types of services and expand their current list of classes and workshops. South Carolina's senior population is expected to double over the next two decades.

The South Carolina Senior Center Permanent Improvement Program (PIP)

Established by the South Carolina Legislature in 1991, the PIP grant process uses revenue from the statewide tax on Bingo games to fund improvements to Senior and Community Centers statewide. The program is administered by the Lt. Governor's Office on Aging, and provides much needed support for the network of support services available to help older South Carolinians lead active and vital lives in their own homes and communities.

Grants awarded for the 2005 - 2007 PIP funding include the following projects:

Capitol Senior Center: (\$52,900) for renovation/addition to the existing senior center in Columbia.

Edgefield County Senior Citizens Council: (\$350,000) for construction of a new senior center in Edgefield.

Georgetown County Bureau of Aging Services: (\$350,000) for the construction of a senior center in the Pawley's Island area.

Marlboro County Council on Aging: (\$9,000) for electrical rewiring and improved parking at the existing senior center in Marlboro.

McCormick County Council on Aging: (\$350,000) for the construction of a new multi-purpose senior center in McCormick.

Town of Mt. Pleasant: (\$350,000) for a new senior center in the Town of Mt. Pleasant.

Newberry County Council on Aging: (\$350,000) for the expansion of the existing senior center in Newberry.

St. James South Santee Community Center: (\$100,000) for the renovation of the existing center in McClellanville.
